## What people are saying

“Lauren and her crew helped me set up the most beautiful picnic for my best friend’s proposal. Lauren was a great communicator and stayed in contact with me through every step of the process. She truly exceeded all my expectations and made everything so easy. She came prepared with everything you would need for a proposal in 100+ degree weather. I can’t wait to use Polka Dots & Picnics for another event in the future! I highly recommend them for your luxury event!”

“Working with Lauren was a breeze! She made a birthday surprise for my best friend an afternoon to remember. She’s detail oriented, timely, responsive and lovely to work with. Thank you so much!”

*Teonna A.*

“We loved working with Polka Dots! They instantly put my mind at ease and paid great attention to details with excellent follow-through. They welcomed me in the planning process, which is exactly what I needed. My daughter’s baby shower was everything I hoped it would be! We will definitely be working with them again.”

*Maureen J.*

“My fiancé proposed last summer in peninsula park where polka dot picnics had set up the most beautiful picnic! We celebrated with champagne, a charcuterie board, and treats on a warm summer day surrounded by flowers. It made for amazing pictures and a life-long memory. It really helped celebrate such a special moment for us. The team even set up custom signs and a beautiful floral arrangement I was able to take home. I would without a doubt hire them for another next special occasion!”

*Lauren W.*

“Exceeded all expectations!! As a professional photographer I was asked for a recommendation on setting up a scene for a proposal in a park, they set up the most beautiful picnic for my client for his proposal. Their work truly speaks for itself, and I would recommend anyone looking for a luxury picnic to go with Polka Dots and Picnics. They truly exceed all our expectations with attention to the smallest details. They are worth every penny for endless memories!”

*Naji S.*

“Lauren and the Polka Dots & Picnics crew have done SEVERAL events for me, and I swear they each get better! My daughter’s 10th birthday Paris themed teepee sleepover was AMAZING, the girls had so much fun and felt like princesses. Next was a Sugar Plum Fairy themed mother & daughter holiday party - complete with beautiful picnic set up, fondue, hot cocoa bar and so many gorgeous details the guests have been talking about it for weeks! Can’t wait for the next event!”

## How it works

As with most beautiful moments, it starts with a conversation. This takes place through an intake form where we invite you to share your vision and objectives, followed by a consultation and proposal.

Once your interest has been received, we will happily hold a date for a few days while we design a proposal for you. On the day of the event, we will set up every detail, then return to pick up the experience leaving you nothing but memories and a smile.

We love a cohesive occasion with custom materials designed in-house, coordinated catering, signature cocktails, even create personalized favors - your guests are in for a flawless event curated start to finish.

You bring the guests ...

*We can take care of the rest.*

## Pricing

Our luxury experiences are custom-designed and priced accordingly. We have an extensive menu of options to elevate your occasion. To offer a point of reference, a two-hour picnic for two guests starts at \$285. Each additional person is \$45. We are pleased to offer discounts for groups of 30+.
